the 1950
Syllabus

Teachers are in the background.
The Seniors, sophisticated,
Are seated at the left.
Don't they seem elated?

Next, the jaunty Juniors,
Without a trace of fear,
Are sure they will be Seniors
At this time next year.

Then the sassy Sophomores,
Who've grown slim and tall,
Realize their chances.
We hope they'll never fall.

There are those foolish Freshmen
Who started out so bold,
But now they know the rule is
You must do what you're told.

Up in front is the Junior High.
They're younger girls and boys.
Mr. Hobbs calls them "children"
When they start making noise.

Classes Pass

Upon entering the doors of S. H. S. today, we hurried up the stairs to our lockers, gathered a load of books, and joined our chattering friends in the assembly. While we were obtaining all of the latest gossip, the bell rang. This bell hushed our gab-fest, and was the signal for Mr. Hobbs, our principal, to step forward and make his announcements. Since they affected several of the day's classes, these announcements were extremely important. Following various announcements by our teachers, a synopsis of tonight's class play, given by a member of the play cast, proved to be unusually entertaining to all of us. In conclusion, Mr. Hobbs talked to us about the importance of good citizenship in our school. As there was no further business appearing, we were sent to our first period classes by Mr. Hobbs' two familiar words, "Classes pass."

This is the customary beginning of a school day for 365 students of Sheridan High School and Junior High. The purpose of the meeting each morning is to make it possible for the entire student body to make and hear all of the important announcements. Winners of contests and winners of athletic events are also introduced and congratulated at this morning session.

Once each month the students assemble in this same room to hear the message of one of the ministers of the community. The assembly room is the scene of the special programs given during the year.

Dedication

As a token of our high esteem and respect for our princi-
pal, Mr. Hobbs, we the Senior Class of 1950, dedicate to him
this Syllabus.

FACULTY

Our classes are enlivened by the good-natured fun we share with our teachers. We realize that the top rung in the ladder of success cannot be reached without their guidance and encouragement.

The Commercial Department offers a complete course of study in office work and business training. Office practice, bookkeeping, typing, and shorthand are the classes which give the students a thorough knowledge of office work.

Good English is the foundation of a modern education. The English Department offers English and literature, as well as a course in speech. Advanced grammar classes prepare students for college entrance.

Two years of the foreign language, Latin

is offered. By studying Latin, students learn the foundation of English. Latin is also an important course to those students who plan to enter college.

Sheridan's Home Economics Department's curriculum includes courses in cooking, social practice, and clothing. The Home Economics classes also prepare and serve the annual Sunshine chili dinner for the high school girls and the faculty.

New and better farming methods are learned in the agriculture classes.

FACULTY

Algebra and geometry are the basic courses offered by the Mathematics Department. Prospective mathematicians may enroll in advanced algebra, solid geometry, trigonometry, junior business practice, and social business.

The Music Department, consisting of the band, orchestra, girls' chorus, and concert choir, is responsible for the sweet music which keeps students' vocal chords exercised and their toes tapping. This department is one of those which "makes" Sheridan's reputation out of school. Students in these musical groups present a Christmas program each year, and the county music festival is given every spring.

Members of the girls' physical education classes participate in all types of sports. Basketball, baseball, kickball, and volleyball are the main athletics that are enjoyed by the girls. The health class stresses the importance of safety and first aid.

The boys in physical education classes

are trained so as to become the future stars of S. H. S. The boys' health class also teaches safety and first aid.

Three other important and popular subjects are mechanical drawing, family relations, and drivers' training.

Sheridan's Science Department has courses in chemistry, biology, and physics. Many interesting and educational experiments are made by the members of each of these classes.

Ancient and modern social studies are well-known subjects to all students. The fundamental courses of U. S. History, World History, Government, and Commercial Law are included in the curriculum of Sheridan High School.

AMONG MY SOUVENIRS

By I. Magination

As I sat wondering where my schoolmates were, for I was in a reminiscent mood, the front doorbell rang twice. It could only have been the postman. I opened the door, and was handed a whole stack of mail.

"What does all this mean?" I exclaimed. The postman didn't know the answer to that question, so I took all of my mail inside and sat down to read it.

The first letter had a postmark of the Panama Canal Zone on it, which aroused my curiosity. After opening and reading it, I knew why I had received so many letters. Ten years ago when the class of '50, my class, graduated, everyone promised to write me a letter ten years later, and tell me how successful they had been. Now, I was getting those letters.

The first one from Panama was from Carol Overdorf. She was in Panama tracking down some germ for the government. She had always wanted to be a laboratory technician, but it led to isolating germs for the government. She continued, saying that she was doing sketches of the natives for her own personal enjoyment. Later, she plans to exhibit her art work.

Laying Carol's interesting letter aside, I picked up the next one, which was only a post card from Germany. Bob Hines was the writer of it. He is still in the Army and is directing the occupational forces in Berlin, still trying to get around the Russian blockade. He said that Ben Coppess and Robert Alexander are both over in Germany and are top generals in the Air Force. Bob had recently heard that the new "no-wing, no-motor" plane that was flown around the world at the incredible speed of 3,000 miles per hour by Arbie and Wade Stone, was invented by William Godby, another schoolmate, who had turned scientist.

The next letter was from India. Imagine my surprise when I found it was from Maggie Freeman. She had been associated with the Wm. H. Block Company since her school days, and now she was in Calcutta, deep in the work of designing new fabric patterns, suggested by the colorful Indian people. She mentioned that Mary Little was the air-hostess on the airplane which brought her to India.

Then came a very business-like letter from Harry Hobbs, who is now the Secretary of State in Washington, D. C. He said in his letter that Don Inskeep is also in Washington, being Junior Senator from Indiana.

Max Starrett sent a letter from Chicago. After graduation, he had gone to Barber School, and had later opened his own little shop in Chicago. He now owns a large shop and employs several people. One of them is Mary Jean Wallace, who is a manicurist.

Marcia Fancher wrote me a nice letter from Arabia where she is working in a hospital at one of the oil fields. She mentioned that she and Jeanette Pickett had sailed together from New York to England. From there, Jeanette had gone to Ireland, a place she had always wanted to visit. After school she had decided to make trumpet-playing her life work, and was going to join McNamara's band.

Barbara Beard's letter was from a Navajo Indian Reservation. She is teaching the little papooses how to live the white man's life.

Then came a letter from home. Hiatt's Garage is still Hiatt's Garage, but now Richard has stepped into his father's shoes and has a very thriving business. Richard also told me of the recent election of Richard Sample as Marshal of Sheridan.

A letter came from Hollywood, complete with an autographed photograph. The face on the photograph was none other than that of Ann Beard, who is being billed as "The Second Betty Hutton". Ann wrote that Paul McClay has recently had a screen test at Paramount, which the producers liked very much. They are planning to give him a colossal build-up.

Phyllis Walker and Chiquita Padgett are running a Kindergarten in St. Louis, Missouri. Chiquita wrote that they both like this type of work.

The Bower-Power Plant has recently been built in southern Indiana to help control the Wabash River. Warren Bower is the head of that large organization. Don McCarty, Warren's head construction engineer, wrote me all about this plant.

Floyd Teter wrote me from Miami Beach, saying that he has a large hotel near the ocean. It is called "Floyd's Retreat". He mentioned several of his old schoolmates who come every year to his resort. One of his regular customers is Mary Jane Landis, who says she just can't stand the Northern winters any longer. Another customer is Pat Jessup, who is writing novels. Her latest, which now heads the best-seller list, is "The Private Life of Crimson de Light".

Sarah Scanland wrote that she was taking her first vacation in ten years from her work as an operator for the Bell Telephone Company. She is going to Alaska to visit Phyllis Graham, whose husband is looking for uranium in the Klondike region.

From London comes a letter from Wilma Harbaugh and Marjorie Wiles, who are stationed there with the WAC's. They confessed that this had always been their secret ambition.

Winifred Greathouse wrote, stating that she was the librarian at the United Nations Meetings, and said that she enjoys this work immensely.

From Westfield came a letter from Rosemary Godby, who is now Mrs. DeNoon. Harold is coaching in Westfield and the rivalry between W. H. S. and S. H. S. is still going strong. Rosemary mentioned Charlene Clark, nee Moore, who also lives near Westfield.

Just about five years after graduation, Helen Hundley and Carolyn Snyder bought a deserted South Sea Island and became beach-combers. They sent me a rare sea-shell from this island and a very interesting letter.

From Yankee Stadium came a note from Bill Hutchens, who is umpiring all of the baseball games there.

Immediately after graduation, Harold Thurman wrote, he was asked by the Bronx Zoo authorities to make a trip to Dark Africa to hunt some new animal that had been seen there. After ten years, he is still looking for more new animals never seen before.

Martha Mintier wrote me from San Francisco, where she is lecturing on the subject, "How To Influence Your Husband."

Another letter from Sheridan came from Jesslyn Calvert, who is now the first woman principal of Sheridan High School. Two teachers there are Eva Samuels and Julianna Grinstead. Eva is teaching Home Economics, while Julianna is teaching in the kindergarten.

Phyllis Poer dropped me a line saying that she is working for Jack Bishop in Indianapolis, on the Unemployment Board.

One of my former classmates, Evelyn Cline, who has gone into television, is doing two comedy shows every day. With her are Roselyn Mace and Marilyn Jennings, who write her scripts.

After reading all these messages, I sat back and thought about all the wonderful days we had enjoyed in school. However, my time for reminiscing was limited, so I gathered all of this mail that I had received and carried it to my treasure chest, where I shall place it among my souvenirs.

SENIORS

By Ann Beard

S—is for the Senior class
So bright in every way.

E—is for the effort
Shown in classes every day.

N—is for the noble deeds
Which we all hope to achieve.

I—is for our idle ways,
And the grades which we receive.

O—is for the old time stories told
Of the happy days gone by, and

R—is for remembrance
Of dear old Sheridan High.

SENIOR HISTORY

Seniors at last! Four years ago we entered high school as insignificant freshmen and began our journey on a high school career. As "green freshies" we were victims of the usual initiation, but, it is evident that all of us survived. In addition to our class party, we had two skating parties and a hay-ride, with plenty of tomatoes furnished.

As Sophomores we enjoyed two parties. Since it was Leap Year, the girls gave one party for the boys. Harold DeNoon was our president for the year and Mr. McClung and Miss Padgett were our sponsors.

Our Junior year found us as busy as bees. We began making money for our senior trip by selling pop and popcorn at ball games. Miss Elsie Padgett directed our first play, "Those Websters," which proved to be a huge success. Another big event which we planned was the Junior and Senior party. This year's "top man" was Don Inskeep, and Mrs. Hersh-

man and Mr. Inskeep were our sponsors.

With the beginning of the fall semester, 1949, we enrolled as seniors and announced that we were the upperclassmen. After electing Jeanette Pickett as our president and initiating the freshmen, we started work on the yearbook. Our second theatrical production, "Peck's Bad Boy", was under the capable direction of Miss Padgett. Our pictures were taken and were received in time for Christmas. At our regular class meetings we chose maroon and white as our class colors. "Either find a path or make one" was selected as the motto, and the rose was our class flower. As time marched on and May 5 arrived, we made those last minute arrangements for the long awaited trip to Washington, D. C. Our Baccalaureate was held May 14. On May 15, Commencement night, we passed through the gate of the past and walked forward into the future.

Tote Them Chairs

Lift that chair, don't drop it boy

Lift that chair, it's not a toy.

Carry it down, place it right

The Seniors got to have it for Commencement Night.

All year long, we tote a chair

For all the Seniors, it's a load to bear.

Carry them down, carry them back

We know it's not the pep you lack.

We'll carry chairs, without a tear

Drip, Drip, Drip

Walk down the hall on a rainy day

With a careful trip

Don't step on me, I'm here to stay.

I'm the bucket set under the drip, drip, drip.

There's a puddle, careful now

Don't you slip,

Don't be so careless as a cow

To step in the bucket under the drip, drip, drip.

When the rain has gone to stay,

Far away over the dip,

Who is it will be put away,

But the bucket that sat under the drip, drip, drip.

When we entered high school in the fall of 1948, we were met by the seniors, who took great pleasure in presenting us with the proper "initiation". After miraculously surviving this, we enjoyed the remainder of our Freshman year.

As sophomores we were proud to have some of our boys on the football, basketball, and track teams.

Several of our students entered the Music, Latin and Algebra Contests. Marilyn Hershman and Carolyn Carson represented our class at the Music Contest, Joe Landis

and Doran Calvert at the Latin Contest and Marilyn Hershman and Charlene Padgett at the Algebra Contest.

This year we have had one party, which was held in the gym.

Our sponsor is Mr. Miller with Mrs. Cline as assistant sponsor.

FOOTBALL

The Sheridan Blackhawks, plagued with injuries, played one of the toughest schedules that has faced them in recent years, and they encountered one of their most discouraging seasons. Handicapped by the graduation of 14 lettermen, Coach Stout and his gridders won two, tied two, and lost six.

Walter Waitt, Bob Adair, and Jack Gary were selected as members of the All-County team.

FOOTBALL SQUAD

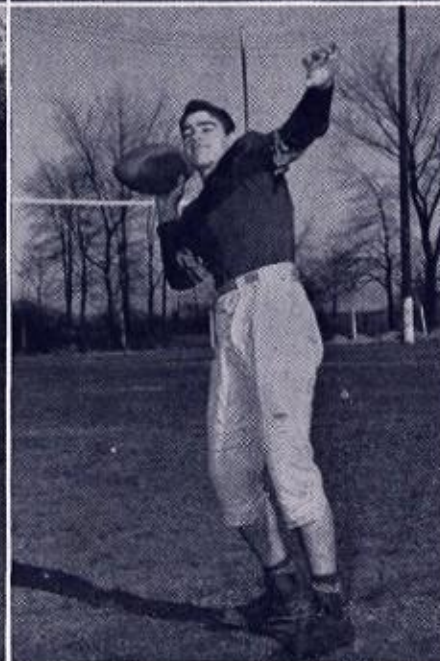

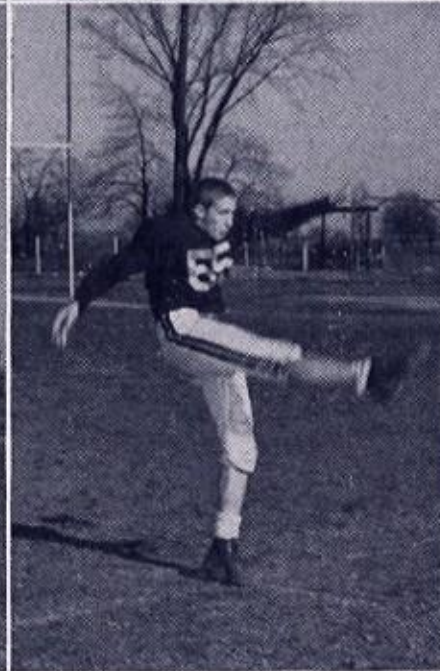

This year seemed to be the football team's bad year. Injury after injury occurred as each game was played. Some of the injured were Don Weaver, Bud Barricks, Pete Stafford, Martin Little, and Don Inskeep, but,

by far, the worst was the broken leg which Warren Bower received in the Delphi game. This injury kept Warren out of school for most of the first semester.

Top Row: Walter Waitt, Clark Dell, Wiley Sanders, Coach Stout.

Second Row: Morris Stafford, Charles Barrick, Jack Gary, Martin Little.

Third Row: Richard Hiatt, Don Inskeep, Robert Alexander, Warren Bower.

BASKETBALL

This year the Blackhawks, under the very capable direction of Coach Larry Hobbs, made history. They swished and dribbled out twenty wins to eight defeats. In the Holiday Tourney, held at Sheridan on January 2, the mighty Blackhawks clinched the championship by thumping Flora in the final game, 72 to 45. Repeating their performance of last year, Sheridan lost the Hamilton County Tournament to Carmel in a two point over-time thriller, but again redeemed themselves by winning their second consecutive Sectional. Followed to Kokomo by over 1600 enthusiastic fans, the Blackhawks thoroughly established themselves as a brilliant team by defeating Greentown in the afternoon game of the Regional and by continuing to vanquish Wabash in the final to become one of the "Sweet Sixteen" in Indiana. The only other Regional title won by Sheridan occurred in 1938. Sheridan's next triumph was the ousting of a highly-favored New Castle team in the first game of the Semifinals, held in the Muncie Fieldhouse. In the final game of the Semifinals the Black and White quintet put up a great battle, but were out-scored by the Marion Giants.

Harry Hobbs, Paul McClay, and Rex Pitts were selected on the all Regional first team. Harry and Paul were chosen on the Muncie Semifinal first team and they were both nominated to the state all-star team by the Indi-

anapolis Star. Harry was the leading scorer in the Semifinal tourneys and was also selected by the Indianapolis News on its All-State first five.

TRACK

The Sheridan track team, led by Pitts, Glenn, and Dillinger, sprinted to a near excellent season's record of nine wins and one loss. With the exception of the Delphi Relays, the Blackhawks won every meet, including the Hoosier Conference and the Hamilton County championships. Coach Stout received able assistance from Mr. Delph in the grooming of a winning team. Harold Pitts, running the low hurdles, qualified for one of the two heats at the State final.

During the month of October, when the weather became a little breezy, the girls discontinued softball and moved into the gymnasium to play kickball and basketball. An outdoor picnic was held at the home of Barbara Pickett early in November. At this pic-

nic, the G.A.A. members demonstrated their leaf-raking ability. The annual party for the seniors was held in April.

By defeating the sophomores in the final game, the Freshmen were victorious in the kickball tourney.

SYLLABUS STAFF

Seated: Marilyn Jennings, Rosemary Godby, Eva Samuels, Margaret Freeman, Pat Jessup, Marjorie Wiles, Chiquita Padgett, Mary Little, Mary Jane Landis, Martha Mintier, Phyllis Poer.

Standing: Julianna Grinstead, Billy Godby, Harry Hobbs, Don Inskeep, Mrs. Griffith, Carol Overdorf, Wilma Harbaugh, Marcia Fancher.

The 1950 Annual Staff was selected by the principal, the Syllabus sponsor, the Senior class sponsors, and the officers of the Senior class.

The Staff was announced as follows:

Editor-In-Chief	Marjorie Wiles
Assistant Editor	Pat Jessup
Business Manager	Marcia Fancher
Advertising Committee	Martha Mintier Mary Little
Snapshot Editors	Phyllis Poer Mary Jane Landis
Art Editors	Carol Overdorf William Godby
Joke Editors	Wilma Harbaugh Chiquita Fadgett
Sports Editors	Harry Hobbs Don Inskeep
Calendar	Eva Samuels Julianna Grinstead
Typists	Margaret Freeman Marilyn Jennings Rosemary Godby

Following the selection of the Staff, work on the annual began immediately. After contacting and meeting with several photographers from various studios and discussing all the pros and cons we selected one to take pictures.

After many postponements because of weather conditions, the photographers finished taking pictures.

The engraving company was the next organization to be consulted and contracted.

After this, came fitting, cutting, and mounting of all the pictures to be sent to the engraver.

Then, as if we weren't already up to our necks in work, we contracted a printer and a binder.

Last, but of course, not least, came the task of selecting a cover.

When we finished all of this, we still couldn't quit. Then came all the writing, writing, and re-writing of all the articles.

It was just work, work, work, but when the final deadline was met and the book was sent to press, we suddenly found ourselves with nothing to do, but much to look forward to, with the return of our completed book.

SUNSHINE SOCIETY

Two important projects of the Sunshine Society are the Riley Hospital Fund, and the Sunshine camp, Camp Tecumseh, near Delphi, Indiana. Our representatives to Camp Tecumseh this year were Jeanette Pickett and Mary Little.

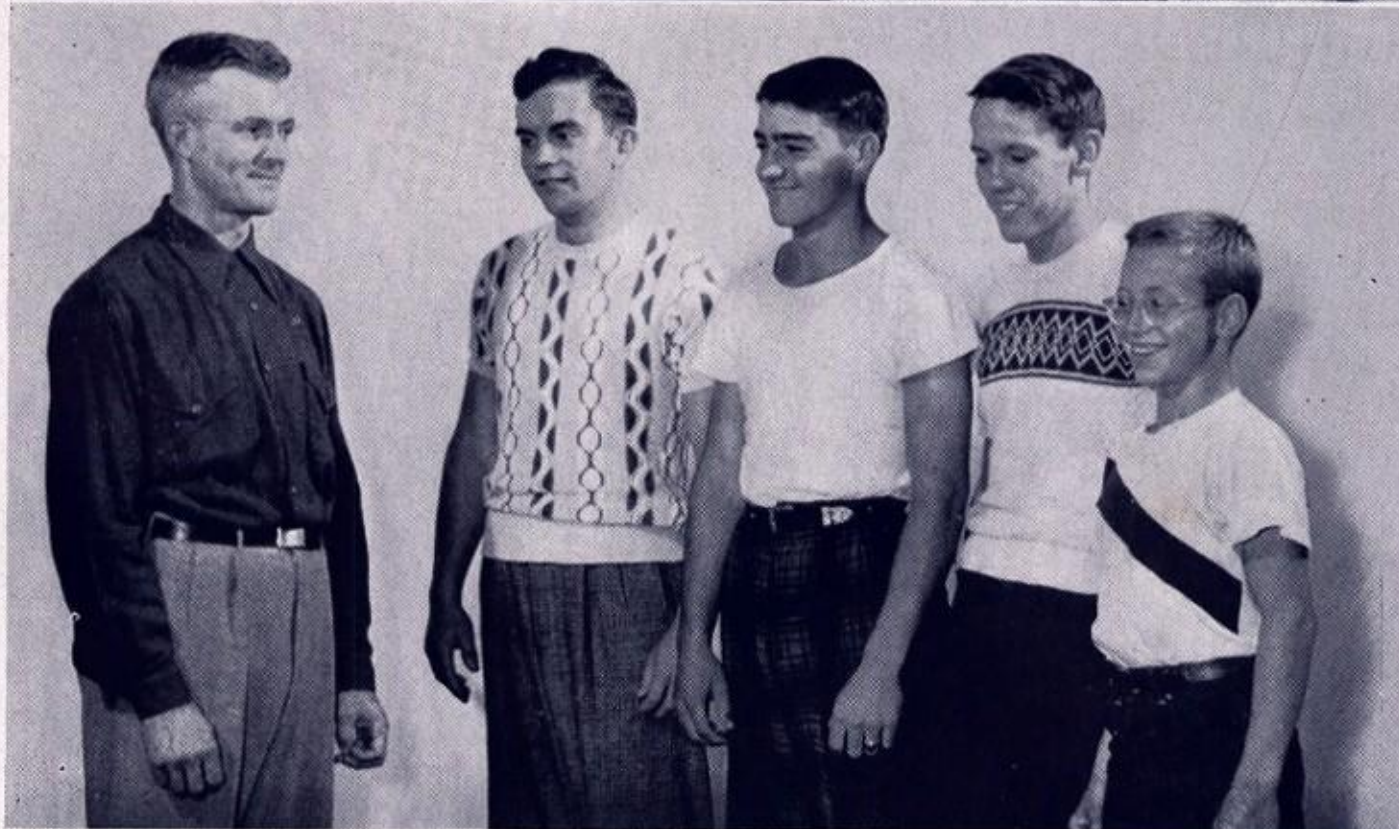

All of the girls are invited to attend the State Sunshine Convention, held each year in one of the high schools. Also, a luncheon is held in the Claypool Hotel

in Indianapolis for the sponsor and two representatives. Mrs. Hershman, our sponsor, Jeanette Pickett, and Barbara Pickett attended this luncheon. Freshman initiation, which is held each year in one of the churches, was one of our first activities this year. In November we enjoyed a delicious chili dinner which was served by the Home Economics classes. An ideal girl is selected each year and the winner is announced at the annual Mother and Daughter Banquet.

SUNSHINE SOCIETY OFFICERS

Standing: Julianna Grinstead, Mrs. Hershman, Mary Little, Barbara Pickett, Margaret Freeman.

Seated: Beverley Adair, Jeanette Pickett, Pat Spencer.

BOYS' COUNCIL OFFICERS

Mr. Waitt, Don McCarty, Robert Alexander, Clark Dell, Dennis Beam.

Play Cast

"Peck's Bad Boy"

Our Senior play this year was a side-splitting comedy, "Peck's Bad Boy". Two of the characters portrayed were Luella, (Martha Mintier), the bad boy's stepsister, and Minnie, his girl, (Margaret Freeman). The "bad boy" himself, (Don McCarty), was always playing tricks on Dahlia, the colored cook, (Carol Overdorf). He also played many pranks on Schultz, the grocer, (Ben Coppess), who was an excitable, explosive Dutchman. To help with his pranks the "bad boy" had a pal, Jimmy Duffy, (Jack Bishop), who was just as mischevious.

Then there was the "hen-pecked" Mr. Peck, (Don Inskeep), and the bossy Mrs. Peck, (Phyllis Poer). To complicate matters even more there was Clifford Jennings, (Max Starrett), who was in love with Luella. Melville Beaumont, (Floyd Teter), was an aged financier, and Lizzie, (Wilma Harbaugh), was the maid at the Pecks'. To add beauty to the story there were three lovely girls, Dora, Flora, and Lora, (Rosemary Godby, Eva Samuels, and Julianna Grinstead).

Seated: Floyd Teter, Don Inskeep, Jack Bishop, Julianna Grinstead, Eva Samuels, Rosemary Godby.

Standing: Phyllis Poer, Carol Overdorf, Margaret Freeman, Don McCarty, Wilma Harbaugh, Ben Coppess, Martha Mintier, Max Starrett.

First Row: Max Starrett, Floyd Teter, Sarah Scanland, Pat Jessup.

Second Row: Paul McClay, Margaret Freeman, Ben Coppess, Miss Padgett, Marcia Fancher, Mary Little, Martha Mintier, Don Inskeep, Harry Hobbs.

Play Cast

"Those Websters"

The Junior play of 1949 proved to be a huge success. The radio program, "Those Websters", was enacted. The star was Harry Hobbs, as "Bill Webster", and his accomplices were played by Max Starrett, as "Jeep Stanley", and Paul McClay, as "Emil". Bill's mother and father were played by Pat Jessup and Don Inskeep. His kid sister, "Liz", was Margaret Freeman.

Martha Mintier was "Kitty", Mr. Webster's secretary. "Belinda," Sarah Scanland, was Bill's steady girl, and she had trouble with "Shirley Mae Stringer", that Southern red-head, played by Marcia Fancher. Jeep's girl was "Deloris", Mary Little. The coach was played by Ben Coppess, and the taxi driver was Floyd Teter.

CONCERT CHOIR

The music department has added to the usual band, orchestra, and Girls' Chorus organizations, a mixed group called the Concert Choir. About a dozen boys who wanted to sing made this possible, along with some of the girls who couldn't arrange their schedules so as to be in the Girls' Chorus. This concert choir group meets at noon, and has performed for the P.T. A., the assembly, women's clubs and for special church services.

NATIONAL HONOR SOCIETY

The Alpha Chapter of the National Honor Society of Sheridan High School was organized in 1946 for the purpose of creating enthusiasm for scholarship, a desire to render service, to promote worthy leadership, and to improve the general welfare of the students of Sheridan High School.

Its membership is composed of 15% of the eleventh grade and 25% of the twelfth grade. New members are elected and initiated in February.

Eligibility of a pupil is based upon his previous semester grades (nothing below a "B" average), and the rating given him by the faculty under the six qualifications: scholarship, leadership, character, initiative, personal appearance, and personality.

New members which were selected for this year are: Seniors: Don Inskeep, Phyllis Poer, and Harry Hobbs; Juniors: Carl Arthur, Phyllis Vair, Walter Waitt, Robert Hunt, Barbara Pickett, Wiley Sanders, Ruth Pickett, and Don Oberleas.

Officers for the first semester of 1949 are:

President—Jeanette Pickett.

Vice President—John Earl McDonald.

Secretary—Carol Overdorf.

Faculty Sponsor—Mr. Byron Stout.

Mr. J. J. Miller, elected permanent treasurer in 1946, takes care of all receipts and disbursements of the chapter.

The driver's training class from Sheridan High School is finishing its second year with no wrecks and no fatalities. This year the membership has risen to 51 dare-devils. This course is highly regarded by the patrons and, believe it or not, the pedestrians. The dual-control car which is used is furnished by the Sheridan Motor Company, and is leased by the Trustee. Our very capable teacher is Mr. Byron Stout. In addition to our actual driving experience, we are shown films pertaining

to safety in driving. Scrapbooks are also kept containing articles taken from newspapers and magazines. The class consists of 15 minutes for driving per week, and 40 minutes recitation time which is usually spent in discussion and by a variety of tests. This is a very popular and important course, since the education of drivers will unquestionably decrease the fatality rate of the community and the state. "It takes a safe driver to be a good one."

4-H CLUB

The National 4-H Club Pledge. "I pledge my head to clearer thinking, my heart to greater loyalty, my hands to larger service, and my health to better living for my club, my community, and my country," clearly expresses the basic purpose of the 4-H Club.

To train for leadership, to learn improved methods of farming and home making, to make money, to acquire property, to develop

community pride and spirit, to develop the love of nature, to play the game fairly, to co-operate and to achieve—these are some of the advantages and principles that members of the 4-H Club gain.

Mrs. Ruth Nightenhelser is the leader of the home economics division of the club; Mr. Hobson, the leader of the agriculture department of the 4-H Club.

FUTURE HOMEMAKERS OF AMERICA

The Future Homemakers of America have as their purpose: the promotion of a growing appreciation of the joys and satisfactions of homemaking; encouragement of democracy in home and community life; the development of creative leadership in home and community life; provision of wholesome individual and group recreation, and the increase of interest in Home Economics.

This year the Sheridan F.H.A. has had visiting speakers to show how to use make-up correctly and how to make toys for children. Films pertaining to homemaking have been shown. A Mother-Daughter banquet has been planned for March; in April, the entire club plans to attend the Home Show, and in May, a kite-flying contest will be held.

F. F. A.

The Future Farmers of America exists today because of the boys' co-operative spirit and a desire to have a national organization of their own in which they may secure practical business experience, act as their own instructors, and enjoy the fellowship of

one another. The F.F.A. is organized vocational agriculture on a farm youth level. Improved agriculture, better local communities, efficient farmer-citizens are emerging as a result of the boys' experiences.

Sheridan Rides Again

For the first time in Sheridan's history, a train was chartered for basketball fans. Approximately 350 enthusiastic followers of the Blackhawks climbed aboard the Diesel at Sheridan at 5:30 p.m. on December 9, 1949, on their way to Rensselaer. The Seniors sold sandwiches, pop, candy, etc., which proved to be an accommodation, especially for those who didn't have time to eat before leaving home. Two non-scheduled stops provided plenty of excitement for everyone, including the train crew. Rensselaer's hospitality was shown at our arrival. There were school busses waiting at the station to transport all of the passengers to the gymnasium for the game. The fans of S. H. S. weren't disappointed at the results of the game, since the Blackhawks were victorious. While the fans were enthralled in the game, the snow was falling rapidly outside, and by the time the game was over, the streets were slick and extremely hazardous. After the game the school busses again carried Sheridan's fans to the station to start their journey back home.

Floyd Teter: "What happened? Did it swallow a tape-line and die by inches, or run up the alley and die by the yard?"

Richard Sample: "Naw, it crawled under the bed and died by the foot."

Mr. and Mrs. Bunbattom were sitting at the movies. Suddenly Sam looked at his wife.

"Tell that man alongside of you to take his arm from around you."

"You tell him, darling," said the wife, "He's a perfect stranger to me."

A teacher was conducting a class in grammar. She went to the blackboard and wrote, "I ain't had no fun this winter."

"What should I do to correct that?" she asked.

"Get a boy-friend," said a pupil.

"If you turn me down, I shall die."

She turned him down.

Sixty-three years later he died.

The teacher of a high school class began her course with the question:

"Can you give me a well known date in Roman history?"

"I can," replied a dapper maiden of sixteen, "Anthony's date with Cleopatra."

A woman was out driving with her husband. She was speeding along at about fifty. Suddenly a motorcycle cop appeared alongside and told her to pull over. The cop looked at her.

"Hmmmml!" he said. "I'm going to put you down for fifty-five."

She turned to her husband.

"See! I told you this hat makes me look old."

Man: "I slept like a log last night."

A lady, checking over her grocery bill, found this item: One tom cat, fifteen cents. Indignant, she called up her grocer and demanded to know what he meant by such a charge.

"Oh, that's all right, Mrs. Brown," He replied. "That's just an abbreviation for tomato catsup."

Nancy: "Ouch! I burned my hand in the hot water!"

Bill: "Why don't you feel the water before you put your hand in?"

Visitor: "What a glorious painting! I wish I could take those lovely colors home with me."

Painter: "You will. You're sitting on my palette."

The club bore approached his recently bereaved fellow member, Lons Reginald, as the latter sat quietly in his accustomed chair.

"I hear you buried your wife last week," he blurted with ardent sympathy.

"Had to," was the adequate reply, "dead you know."

And she left the doctor's office in high spirits.

"So you desire to become my son-in-law," said a very stern father.

"No," replied the prospective groom, "but if I marry your daughter I don't see how I can get out of it."

Freshman: "What's that odor in the library?"

Senior: "That's the dead silence they keep there."

A patient had just been operated on.

"I'm sorry," said the doctor, "I got to open you up again."

"What's the matter?"

"I left my rubber glove in you."

"Oh, is that all," said the patient, "Well, don't bother. Here's a buck. Buy yourself another glove."

Mrs. Cantilever Springs advertised for a governess for her grandchild.

A dumb-looking applicant arrived.

"How do you test the temperature of: a baby's bath?" questioned Mrs. Springs.

"Well," said the applicant, "you put the baby in the water. If it turns blue it's cold, if it turns white it needed a bath."

"No, no, no," protested the arguable fellow; "I wouldn't call her a sourpuss at all. All I know is that when she rubs cold cream on her face, it curdles."

Girl answering phone: "Marie isn't here just now. This is her 111 pound, 5 foot 3, blonde, blue-eyed sister."

"Yes, you can be cured," replied the great surgeon, as he finished his examination and stood by the bed of the suffering merchant.

"Vat will it cost?" asked the patient.

"Three hundred dollars."

"Well, you got to lower your price," said the penny-pincher, "you should see the bid I got from the undertaker."

School is out for another year. For the seniors, this means the opening of the gate into the future. For the underclassmen, it means the crossing of another stepping stone toward that long-awaited goal—graduation. Regardless of the success that may be achieved in the future, nothing can replace the memories, friends, and knowledge we have gained. We have lived today for a better tomorrow—at Sheridan High School.

NOTE

We wish to say "orchids" to Mrs. Griffith, for her untiring efforts and faithful guidance as sponsor of the Syllabus. Also, without the full co-operation of the members of the staff, the publishing of this book would not have been possible.

We wish to thank Mr. Hobbs for his assistance and advice which he gave us. To all those teachers who so graciously excused us from classes when it was necessary, we wish to express our gratitude.

The following lines express the sentiments of the members of the annual staff:

"We hope and trust through all the years,
This book will stay AMONG YOUR SOUVENIRS."
